

Material Safety Data Sheet Date Updated: 5/05/22

1. Product and Company Information

Product Name: ObaVate™
SKU: OS-302
Company: Obatala Sciences, Inc
2000 Lakeshore Dr., #4020
New Orleans, LA 70148
(504) 300-0266

2. Composition/Information on Ingredients

Human tissue-derived solution, product derived from tissue of consented adult donors

3. Hazards Identification

Each tissue donor has been recruited specifically by his/her attending physician/surgeon based on past medical history and the absence of any record or data indicating any evidence of viral or infectious diseases. However, investigators must still exercise proper precautions and biological containment when working with any products of human origin. All human based products should be handled in a BSL-2 (Biosafety Level 2) or higher. Obatala Sciences recommends that Good Laboratory Practices (GLP) be exercised when using these products, including the use of gloves, eye protection, and a lab coat.

4. First Aid Measures

After swallowing: Wash out mouth with water provided person is conscious. Call a physician immediately.
After skin contact: Wash with soap and water and rinse thoroughly.
After eye contact: Rinse immediately with water for 15 minutes and seek medical advice.

5. Fire Fighting Measures

No unusual fire or explosion hazards.

6. Accidental Release

Not applicable

7. Handling and Storage

Storage: -20°C upon arrival. Do not leave at room temperature.
Ambient Handling: Keep tightly closed when not in use.

8. Exposure Controls/Personal Protective Equipment

Respiratory Protection: No respiratory protection will be needed under normal Good Laboratory Practices operating conditions. Use supplied-air respiratory equipment as required by law.
PPE: Compatible chemical resistant gloves should be the minimum hand protection. Chemical safety goggles/glasses should be the minimum eye protection.

General hygienic measures: Wash hands and other exposed areas thoroughly with mild soap and water before eating, drinking and when leaving the laboratory. Wash contaminated clothing before reuse.

9. Physical and Chemical Properties

Physical state is reddish liquid at ambient temperature.

10. Stability and Reactivity

Stable.

11. Toxicological Information

Not applicable.

12. Ecological Information

Data not yet available.

13. Disposal Considerations

Observe all federal, state, and local environmental regulations.

14. Transport Information

US DOT Hazard Classification / IATA AIR TRANSPORTATION

Proper shipping name: Biological Substance, Category B UN Number: UN3373 Hazard

Class: Class 6.2 DOT

Packaging requirements: Not applicable

15. Regulatory Information OSHA

Process Safety Standard: This material is not known to be hazardous b the OSHA Highly Hazardous Process Safety Standard, 29CFR 1910.119.

16. Other Information

Disclaimer: All products are provided solely for research purposes and have not been produced in accordance with current Good Manufacturing Practices. Thus, any use of Obatala Sciences products for clinical purposes and/or other administration to human subjects is unsafe, unwarranted, and unauthorized by the vendor.

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. Obatala Sciences shall have no liability for any direct, indirect, consequential, or incidental damages arising out of the use, the results of use, the inability to use, the handling or contact with this product.
