

BOVINE GAMMA GLOBULIN (BGG)

- **Exceptional blocking capability**
- **Unmatched solubility**
- **Paired with BSA, it offers even greater blocking power**
- **Great for complex applications due to its unique protein makeup**

Bovine gamma globulin is produced in New Zealand from bovine plasma during our proprietary three-step purification process, giving you an ideal non-specific binding agent and a passive blocker for even greater assay optimization.

BETTER BLOCKING BETTER SOLUBILITY
